**Addendum #1 for
Bid # 2014-010 –LONG HILL ROAD RECONSTRUCTION
Public Works Department**

The following requirement was inadvertently omitted in the bid:

DAS Prequalification Certificate and DAS Update (Bid) Statement - The Contractor and any Subcontractor performing work with a subcontract value in excess of \$500,000 shall each hold a current DAS Contractor Prequalification Certificate from the State of Connecticut Department of Administrative Services in accordance with C.G.S. Section 4a-100. Bidders shall submit in their bid the DAS Prequalification Certificate and a current DAS Update (Bid) Statement. Bids submitted without the DAS Prequalification Certificate and DAS Update (Bid) Statement shall be disqualified.

****Please replace the Contractor's Check List with the "Revised Contractor Check List" provided that includes the above requirement.**

The following questions were asked:

Q. A construction trailer is proposed. Is the Contractor in charge of location or is there a location planned? In the specs there are borings included, but no locations. Can locations be provided?

A. The locations of the borings are shown on the plan sheets. As far as a trailer location, it can be placed on City property located on the south side of the street, near station 28+00. There is a driveway there that will be in use from time to time. The trailer can be put just east of the driveway.

Q. As per Drawing TS.01, it shows that 15" cold reclaimed asphalt to be performed on entire roadway (approx. 10,300 sy for bid item). And at STA 36+25, Note states "End 6" reclamation, Begin full depth reconstruction" Which is correct?

A. Revisions to the Plans

Sheet LY.03, **DELETE** the call-out which reads "End 6" Reclamation Begin Full Depth Reconstruction Sta 36+25."

Q. Is it possible for the contractor to use #360 Long Hill Rd (park) for lay down area for stockpiles and materials.

A. We will allow a construction trailer to be placed near the north entrance to the soccer fields. There is some open space to the east of the driveway behind where the trailer will go. This can be used for storage; however, the driveway and west of the driveway must be kept clear. We will be building a parking lot in that area this summer.
